## STRIPPER FLOORS

T1

### PROPERTIES:

Stripper detergent for removing traditional waxes and metallised waxes and thorough scouring. It contains special surfactants and solvents for a fast and complete stripping. Ammonia free.

### APPLICATION AND INSTRUCTIONS FOR USE:

Dilute 10-15% in hot water and apply using a rotary machine. Performance 150ml/m<sup>2</sup>.

FLOORS

pH:  
12.4

Density:  
1.06

EAN Code: 8410836212461  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## CRYSTALLISER FLOORS

T2

### PROPERTIES:

Product for the crystallisation of marble and terrazo floor finishes. Leaves a superior level of gloss, is resistant and non-slip. Contains Magnesium fluorosilicate, superior gloss power. With antioxidants: protects steel wool.

### APPLICATION AND INSTRUCTIONS FOR USE:

Two phase product, shake well before use. Spray the product in small quantities on approximately 10m<sup>2</sup> of the floor and use a rotary machine.

FLOORS

pH:  
1.5

Density:  
1.08

EAN Code: 8410836212478  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## SEALANT FLOORS

T3

### PROPERTIES:

Water-based acrylic polymer emulsion suitable for treating concrete or terrazo floors. Stain resistant. It is used to protect concrete floors of garages, offices, metalworking factories, warehouses, supermarkets etc. and as pore fillers of porous terrazo floors prior to applying metallised waxes. High resistance to stain absorption. Very difficult to strip.

### APPLICATION AND INSTRUCTIONS FOR USE:

Apply two coats onto the scrubbed and wet floor so as facilitate adherence and extensibility. Performance 60-90 g/m<sup>2</sup>.

FLOORS

pH:  
7.7

Density:  
1.03

EAN Code: 8410836212485  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## WAX WASH AND WAX MAINTAINER FLOORS

T4

### PROPERTIES:

Acrylic polymer emulsions, waxes and surfactants for the upkeep of stoneware marble, terrazo, and rubber floors when not wishing to wax the floors and must be frequently cleaned. Cleans the surfaces and leaves a brilliant film which is stripped when cleaned once again, without forming layers. It is used for metallised or crystallised wax treated floors and also untreated floors. High resistance to traffic, ideal for hard (marble, granite) and soft (linoleum, saipolan PVC floors).

### APPLICATION AND INSTRUCTIONS FOR USE:

Apply 3-5% diluted in water using a mop or scrub mop and allow to dry. Optimal result using Ultra High Speed (prevents the formulation of stain rims).

FLOORS

pH:  
8.0

Density:  
1.01

EAN Code: 8410836212492  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## METALLISED WAX FLOORS

T5

### PROPERTIES:

Metallised acrylic polymer emulsions, resins and waxes, which leave a protective film possessing superior gloss and resistance. Can be used on all types of floors such as PVC, linoleum, stoneware, marble and terrazzo, even when the floors are highly polished and compact. It is designed specifically to be regenerated using medium/high speed machines. 0.56 "Slip resistant" wax friction coefficient. Superior level of gloss and resistance. Very high reticulation. Easy stripping.

### APPLICATION AND INSTRUCTIONS FOR USE:

Apply undiluted on two horizontal and then vertical layers, with 1hr drying time between both. Performance 60-90 g/m<sup>2</sup>. Maintain with M1 or M2 multi-purpose bioalcohol.

FLOORS

pH:  
8.6

Density:  
1.03

EAN Code: 8410836212508  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## MULTI-PURPOSE BIOALCOHOL

M1

### PROPERTIES:

A bioalcohol scented multi-purpose cleaner, suitable for all professional hygiene sectors, and is suitable for all types of washable surfaces and floors such as stoneware, polished, ceramics, synthetic... Latest generation surfactants possessing superior cleaning power. High concentration in bioalcohols. Low alkalinity. Marseille scent.

### APPLICATION AND INSTRUCTIONS FOR USE:

For cleaning floors dose 50ml per bucket of water (8-10 l). For stubborn dirt, double the dose.

pH:  
7.5

Density:  
1.01

EAN Code: 8410836213154  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## MULTI-PURPOSE BIOALCOHOL

M2

### PROPERTIES:

A bioalcohol scented multi-purpose cleaner, suitable for all professional hygiene sectors, and is suitable for all types of washable surfaces and floors such as stoneware, polished, ceramics, synthetic... Latest generation surfactants possessing superior cleaning power. High concentration in bioalcohols. Low alkalinity. Floral scent.

### APPLICATION AND INSTRUCTIONS FOR USE:

For cleaning floors dose 50 ml per bucket of water (8-10). For stubborn dirt, double the dose.

pH:  
7.5

Density:  
1.01

EAN Code: 8410836213161  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## JAGUAR SANITISING MULTIPURPOSE

M3

### PROPERTIES:

Detergent for cleaning, sanitising and deodorising rooms in public premises. Scents and sanitises the surfaces treated. With quaternary ammonium salts (1,5% benzalkonium chloride). Balsamic pine-mint scent.

**M3.1:** Jaguar Sanitising Multipurpose

**M3.2:** Jaguar Sanitising Multipurpose Plus

### APPLICATION AND INSTRUCTIONS FOR USE:

High degree of dirt: apply the product directly  
Normal dirt: dilute 100ml per bucket of water

pH:  
9,0

Density:  
0.99

EAN Code M3.1: 8410836207894  
EAN Code M3.2: 8410836214335  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## LOW FOAM MULTI-PURPOSE DEGREASER

M4

### PROPERTIES:

Highly concentrated controlled foam alkaline degreaser, suitable for very dirty floors of industrial warehouses, school kitchens, public car parks etc. Specially formulated for removing grease, oil and other dirt.... Can be used for manual use and with scrubbing machines. Its low foam formula removes stubborn dirt and grease on hard, unprotected and waterproof floors. Manual or scrubbing machine use. Controlled foam generation. Ammonia free/with monothanolamine. With high concentration in bioalcohols.

### APPLICATION AND INSTRUCTIONS FOR USE:

Dose the product into the tank of the scrubbing machine. Dilute with water between 15%-20% depending on floor dirt.

pH:  
13.4

Density:  
1.07

EAN Code: 8410836213178  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## MULTI-PURPOSE AIR FRESHENER

M5

### PROPERTIES:

Floral scented multi-purpose cleaner and air freshener which gives off a pleasant scent for hours after use. Removes dirt without damaging the materials. Leaves no residues. It can also be used as a drop air freshener. High concentration of perfume.

**M5.1:** Intense floral perfume

**M5.2:** Intense Marseille perfume

### APPLICATION AND INSTRUCTIONS FOR USE:

Cleaning use: Dilute 1-3% ml per bucket of water

Air freshener use: Dose product drops into the corners of the room to scent

pH:  
7.2

Density:  
0.99

EAN Code M5.1: 8410836213185  
EAN Code M5.2: 8410836213192  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## MULTI-PURPOSE DESINCRUSTANT

AVAILABLE IN 750ML FORMAT

L1

### PROPERTIES:

Acid anti-scale cleaner designed for cleaning, desincrustation, desodorisation and polishing of taps, tiles, toilets, shower screens etc. restoring its original shine. Formulated with inorganic acids, bio-alcohols and surfactants. Very effective for cleaning limescale and soap residues and dirt in the bathroom: bathtubs, toilets, bidets, sinks, taps, etc and it is not aggressive with chrome or metal surfaces.

### APPLICATION AND INSTRUCTIONS FOR USE:

Apply the product onto the surface to be cleaned and leave for a few seconds. Wipe using a soft sponge or brush and rinse with water.

pH:  
1.3

Density:  
1.03

EAN Code: 8410836213260  
Packaging: 5L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## SCENTED MULTI-PURPOSE

AVAILABLE IN 750ML FORMAT

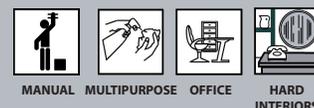

L2

### PROPERTIES:

Cleaning of all types of washable surfaces, which in turn leaves the environment pleasantly scented. Extremely high concentration in bioalcohol. Anti-rainfall effect. Extra-scented. Intense pine scent.

### APPLICATION AND INSTRUCTIONS FOR USE:

Spray directly onto the surface to be cleaned and dry with a dry cloth or rag.

pH:  
7.0

Density:  
0.93

EAN Code: 8410836205623  
Packaging: 5L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## MULTI-PURPOSE INK REMOVER

AVAILABLE IN 750ML FORMAT

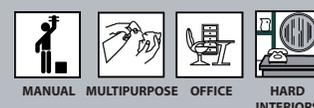

L3

### PROPERTIES:

It is a great performance highly concentrated degreasing cleaner, for removing inks and grease from non porous surfaces. Incorporates special solvents which remove ink effortlessly. For non-porous surfaces such as stoneware, porcelain, non painted metals, resistant plastics, porcelain, varnished wood surfaces and surfaces protected with permanent anti graffiti protection. Do not use on porous surfaces such as unpainted wood, terrace, marble, unpolished granite and natural stone. Perfume free.

### APPLICATION AND INSTRUCTIONS FOR USE:

Use pure or undiluted. Spray directly onto the surface to be cleaned, leave for a few seconds and then wipe using a clean with a cloth or cellulose. If it's necessary, rinse with water.

pH:  
7.0

Density:  
1.00

EAN Code: 8410836213277  
Packaging: 5L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## BATHROOMS AND REST ROOMS DESINCRUSTANT

AVAILABLE IN 750ML FORMAT

L4

### PROPERTIES:

Highly effective energetic alkaline cleaner for daily cleaning and descaling of toilets and urinals. High viscosity, high adhesion. Anti-lime, iron, salts and metal oxides. Do not apply directly on chrome. Subtle ocean scent.

### APPLICATION AND INSTRUCTIONS FOR USE:

Spray the product on the inner walls of the toilet, scrub the edges and walls with a toilet scrub brush, leave for 10 minutes and rinse with plenty of water.

pH:  
2.3

Density:  
1.00

EAN Code: 8410836201816  
Packaging: 5 L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

## WOODEN MULTISURFACE CLEANER

AVAILABLE IN 750ML FORMAT

L5

### PROPERTIES:

Product specially formulated to protect, clean and nurture the wood. High concentration of bioalcohol. High concentration of glycerin. Subtle orange scent.

### APPLICATION AND INSTRUCTIONS FOR USE:

Spray an appropriate amount on the surface to be cleaned and spread evenly using a soft cloth.

pH:  
7.0

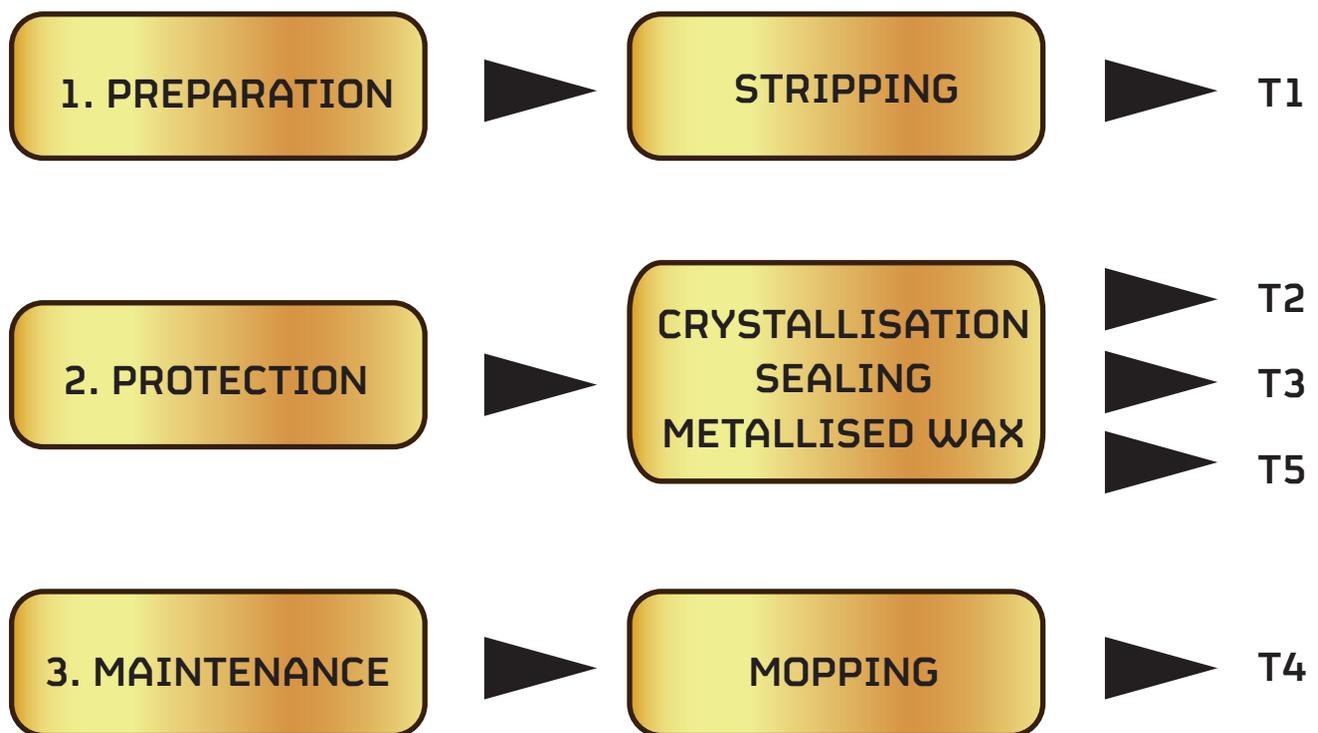

Density:  
1.03

EAN Code: 8410836213284  
Packaging: 5L  
Units x box: 4 (5L)  
Boxes x pallet: 32 (5L)

Complete product range especially formulated for the treatment of all types of floors. From natural stone such as granite, slate or limestone, to artificial stone such as terrazo or ceramic. Can also be used on wooden floors as well as rubber or vinyl floors.

Thanks to its formulated formulas these products respect both durable surfaces areas as well as the most delicate surfaces.
